

A family oriented not-for-profit bass club
with emphasis on youth, conservation and sportsmanship
PO BOX 570,
GRANITE FALLS, WASHINGTON 98252

Dear Friend,

You may not know us by name, but perhaps you have seen members of Northend Bass Club fishing for bass on any number of lakes across our great state or towing our boats on the highways and byways to and from. Maybe you know some folks from other bass fishing clubs around the state involved in (catch & release) tournament fishing. Whatever the case, we are very interested in including you and your business in this year's event.

Tournament bass fishing has plenty of male participation, we decided to see what we could do to get more of our wives, daughters, sisters, mothers, aunts, grandmothers, or just plain friends out on the water spending time and having fun. Back in 2007 our club decided to step up to fill a void in Washington's 'open tournament' circuit and we hosted our first "Jack & Jill" event. We also decided this was an opportunity to raise money for community needs and developed a partnership with Seattle Children's hospital (formerly Children's hospital and regional medical center) and so far the past three Jack & Jill tournaments have allowed us to donate thousands to Children's. Seattle Children's Hospital is again partnering with us and we are excited to continue doing what we can to benefit our community.

Bass fishing is a passion and once you get into it, you get 'hooked' as they say. Despite the tough economic times affecting us all, we anticipate another great year of interest and participation in our event. Your partnership will help us continue to grow this annual event.

As Tournament Director, I invite you to donate products and services representative of your business for this years Jack & Jill Open taking place July 21st & 22nd at Banks Lake. Some sponsors have provided cash and other items of value including gift baskets, original artwork, gift certificates, etc. Regardless of the donation, let's talk. We would love to see where we could use your donations in our tournament raffle, which takes place right before the final awards ceremony.

One final thought to ponder!

As we go through life, remember to laugh and have fun with family and friends...memories of those moments will last a life time!

Thanks for considering us and we hope to see you on the water ~~~~~ <''))))>< ~~~~~
